Our values

Hope

Through working together we aim to present SMART goals so those we support can reach and achieve what they do not have but need to become their best selves.

Justice

A wholistic person centred approach to justice. People may be dually convicted, but we need to make sure they are not un-fairly treated and sentenced.

Advocacy

We are committed to speaking up and standing up for those we represent and advocate for and with. We are passionate when it comes to fighting for racial and social justice to address issues of inequality and equity.

Transformation

Offer new perspectives of thinking that influences a person's behaviour.

Forgiveness

Forgiveness can be hard to give and at times receive but carries so much power that when processed can lead to true freedom. If we want to receive forgiveness, we must learn to offer forgiveness.

Integrity

Our action must match our words and we must speak from a place of truth and honesty seasoned with love and compassion.

Love

To offer unconditional positive regard and to show the outworking of our love through acts of service especially for those deemed less deserving due to their offending history.

Wellbeing

Looking after oneself is important and rest is a necessity. Self-awareness and finding a healthy life rhythm is key to physical, emotional, and mental well-being. We seek to foster an environment that is supportive, accountable, and honest with ourselves and one another. We can only give out of what we have.
